

# Ronnie White Full Stack Web Developer

✉ mail@ronniwhite.io ☎ 2065181086 📍 Albany, NY 🖱 ronniwhite.io 🌐 @ronnie-white

## Professional Experience

**Full Stack Developer, CUNY Research Foundation** Jun 2022 – present | Albany NY  
Full stack Development of CUNY RF LMS (Learning management system) using HTML, CSS, Javascript, MSSQL, and Cold Fusion. At CUNY RF, I developed web applications based on the specifications provided. Maintained and created databases in MSSQL and tested applications to identify defects in code and documentation.

**Front-End Developer, Chalkboard** Dec 2020 – Aug 2021 | Albany NY  
Using Agile Scrum Methodology, my team recreated a blackboard quiz CRUD app. The web app was made with a RESTful API using Node.js and Express that connected to a MySQL database deployed on Azure. While working in this collaborative environment, I used key scrum metrics (sprint burn down, team velocity) to deliver committed work.

**Web Developer, University at Albany** 2019 – Dec 2019 | Albany NY  
While working with AATLAS I used responsive web designs and development principles to bring mockups to life as requested. I collaborated closely with the program to provide support during all delivery phases. Monitoring the website performance and fixing front-end related issues while communicating technical issues coherently to my client.

## Skills

HTML, CSS, JavaScript, JQuery, ReactJS, Python, MySQL, Bootstrap, WordPress, ColdFusion, GitHub, Photoshop

## Education

**Bachelor of Science Computer Science and Informatics,** Aug 2016 – May 2020 | Albany NY  
*University At Albany*

## Projects

**35mm Live, HTML/CSS/JS/ReactJS** Jun 2020  
Shooting film is a hobby of mine. I built this website to post photos from travel.

**Wegmans for you, HTML/CSS/Python/Flask** Mar 2020  
The user enters a dish that they plan to cook, and our application breaks it down by ingredients needed, uses two of the Wegmans APIs, and returns the number of calories in one serving of the dish.

**Portfolio, HTML/CSS/JS/ReactJS** Jan 2020  
My personal website has a few animations and is responsive. On it, you can find links to my projects, GitHub, and LinkedIn.

**Mentor Match, Swift** Apr 2019  
My team created an App called "Mentor Match" that paired students with mentors.
