

Ronnie White Full Stack Web Developer

✉ mail@ronniwhite.io ☎ 2065181086 📍 Albany, NY 🖱 ronniwhite.io 🌐 @ronnie-white

Professional Experience

CUNY RF, Full Stack Developer

06/2022 – present | Albany NY

Full stack Development of CUNY Research Foundation LMS (Learning management system) using HTML, CSS, Javascript, MSSQL, and Cold Fusion. At CUNY RF, I developed web applications based on the specifications provided. Maintained and created databases in MSSQL and tested applications to identify defects in code and documentation.

Chalkboard, Front-End Developer

12/2020 – 08/2021 | Albany NY

Using Agile Scrum Methodology, my team recreated a blackboard quiz CRUD app. The web app was made with a RESTful API using Node.js and Express that connected to a MySQL database deployed on Azure. While working in this collaborative environment, I used key scrum metrics (sprint burn down, team velocity) to deliver committed work.

University at Albany, Web Developer

02/2019 – 12/2019 | Albany NY

While working with AATLAS I used responsive web designs and development principles to bring mockups to life as requested. I collaborated closely with the program to provide support during all delivery phases. Monitoring the website performance and fixing front-end related issues while communicating technical issues coherently to my client.

Skills

HTML, CSS, JavaScript, JQuery, ReactJS, Python, MySQL, WordPress, ColdFusion, GitHub

Education

University At Albany,

2016 – 2020 | Albany NY

B.S. Computer Science and Informatics

Projects

35mm Live, HTML/CSS/JS/ReactJS

06/2020

Shooting film is a hobby of mine. I built this website to post photos from travel.

Wegmans for you, HTML/CSS/Python/Flask

03/2020

The user enters a dish that they plan to cook, and our application breaks it down by ingredients needed, uses two of the Wegmans APIs, and returns the number of calories in one serving of the dish.

Portfolio, HTML/CSS/JS/ReactJS

01/2020

My personal website has a few animations and is responsive. On it, you can find links to my projects, GitHub, and LinkedIn.

Mentor Match, Swift

04/2019

My team created an App called "Mentor Match" that paired students with mentors.
